Thomas Sowell : Controversial Essays (Hoover Institution Press Publication) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Controversial Essays (Hoover Institution Press Publication):

1 of 1 people found the following review helpful. Great Read, even for those that don't like to read books By Grover Cleveland This collection of Essays, is great as many are only a couple of pages long. This book has helped my clarify my possession on many issues that, I had a hard time verbalizing. Thomas Sowell, is one of my favorite "Think Tanks"

of today. His sound logic, and way of presenting it is music to my ears in this day where Nonsense has replaced Common Sense! Unfortunately Thomas Sowell will only get the recognition he deserves after his life time, as we have seen in the past of many great thinkers. 1 of 1 people found the following review helpful. Five Stars By africalove the book 0 of 0 people found the following review helpful. Highly relevant to what is happening today By rxbartolo Brilliant and succinct like his best work!

One of conservatism's most articulate voices dissects today's most important economic, racial, political, education, legal, and social issues, sharing his entertaining and thought-provoking insights on a wide range of contentious subjects. --"This book contains an abundance of wisdom on a large number of economic issues." --Mises Review

"This book contains an abundance of wisdom on a large number of economic issues." --Mises About the Author Thomas Sowell is the Rose and Milton Friedman Senior Fellow on Public Policy at the Hoover Institution, Stanford University. Among his published works are Basic Economics, Late Talking Children, and Race and Culture. He has also published in both academic journals and the popular media including Newsweek, Forbes, Wall Street Journal, and 150 newspapers that carry his nationally syndicated column.
