time to craft a very readable and entertaining story of their dialogue with couples who need to improve their businesses. I'm not married but found the information in the business very useful in my own life for separating work and personal life. The book in many ways, reminded me of one of my other favorite anthologies, "Conversations with God". From a stylistic stand point only... not from a religious perspective... this book isn't religious, but the conversations between the authors and the couples is very conversational and easy to read. Well done.1 of 1 people found the following review helpful. paradigm shifting bookBy Wade DanielsonWe had Scott and Heidi on our podcast, The Entrepreneurs Library, to give us a deep dive of Couple CEO. This book is a paradigm shifting book for anyone who shares their business with their spouse! If you would like to hear a review from the authors check out episode 76 on the EL podcast.0 of 0 people found the following review helpful. Entertaining and insightful!By Melanie JacksonI was engaged in this well written book from the moment I picked it up. The co-authors provide a great deal of good advice for couples that have an interest in succeeding in BOTH their careers and in their marriages. Looking forward to putting some of these tools to work in daily life!
