John Holloway : Crack Capitalism before purchasing it in order to gage whether or not it would be worth my time, and all praised Crack Capitalism:

4 of 5 people found the following review helpful. Crack CapitalismBy kenneth r andersenHolloway was recommended to me and did not disappoint. Contemporary critique of our dominant world econ. culture frommodern Marxist viewpoint. Useful whether one is Marxist or not.0 of 2 people found the following review helpful. Five StarsBy Jay WestGreat condition

Crack Capitalism, argues that radical change can only come about through the creation, expansion and multiplication of 'cracks' in the capitalist system. These cracks are ordinary moments or spaces of rebellion in which we assert a different type of doing. John Holloway's previous book, *Change the World Without Taking Power*, sparked a world-wide debate among activists and scholars about the most effective methods of going beyond capitalism. Now Holloway rejects the idea of a disconnected array of struggles and finds a unifying contradiction - the opposition between the capitalist labour we undertake in our jobs and the drive towards doing what we consider necessary or desirable. Clearly and accessibly presented in the form of 33 theses, *Crack Capitalism* is set to reopen the debate among radical scholars and activists seeking to break capitalism now.

'Infectiously optimistic' -- Steven Poole, the Guardian
About the Author John Holloway is a Professor in the Instituto de Ciencias Sociales y Humanidades of the Benemerita Universidad Autonoma de Puebla in Mexico. His publications include *Crack Capitalism* (Pluto, 2010), *Change the World Without Taking Power* (Pluto, 2005), *Zapatista! Rethinking Revolution in Mexico* (co-editor, Pluto, 1998) and *Global Capital, National State and The Politics of Money* (co-editor, 1994).
