Harvard Business Review : Creating Business Plans (HBR 20-Minute Manager Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Creating Business Plans (HBR 20-Minute Manager Series):

1 of 1 people found the following review helpful. Great read, great adviceBy TimurGreat advice for startups and for bigger and matured businesses too.Very wise questions every business should ask. If it does, many things will change and be challenged during the reading.I plan to do seminar in my company taking this read as base.The reference reading also a great stuff to read.5 of 6 people found the following review helpful. Great Guideline to create your Business PlanBy Jorge CarlosI had to build my entire Business Plan for a new tech project I was working with my friends. I saw the good reviews @HBR website and I purchased it. That same day, I started to read the book and building at the same time my business plan using the guidelines.I finished a quality document, it helped me a lot to see

several points that I hadn't put attention to it. But the best of all, it helped me to create a strong point of view over my project and improve my initial proposal and build a better concept of our project. It's accurate and very helpful :) 0 of 0 people found the following review helpful. Three Stars By Amienyaru Enobakhare Not as detailed as i expected.
