the following review helpful. The Popes ChildrenBy caroleThe service was excellent. This was a gift for someone and arrived just in time for her to take home to Ireland. No special handling was involved and I was surprised when it arrived so soon. Thank you very much.

Meet The Popersquo;s Children, the beneficiaries of Wonderbra Economics. This is the special generation, the Irish baby boom of the 1970s that peaked nine months to the day after the Popersquo;s visit. There are 620,000 of them, squeezed into the middle and lifted up by the Expectocracy. Ireland is blurring. Out of this haze has come the Full-on Nation, the most hedonistic generation ever.David McWilliamsrsquo; brilliant research and analysis of Ireland is a celebration of success. In an easy-to-read style, he takes us to Deckland, that suburban state of mind where you will find the Kells Angels, Breakfast Roll Man, Low GI Jane and RoboPaddy. Come face to face with the Yoursquo;re a Star generation, Billy Bunker, fair-trade Frank, Carrot Juice Contrarians and Bouncy Castle Brendan. We also meet the HiCos, Hibernian Cosmopolitans, the new elite whose distance from Deckland is measured by appreciations and cultivations that Decklandrsquo;s rampant credit just canrsquo;t buy. Entertaining and informative, The Popersquo;s Children told of the vast surge of ambition, money, optimism and hope in Ireland during the boom.
