From Asian Development Bank : Designing and Implementing Trade Facilitation in Asia and the Pacific 2013 Update before purchasing it in order to gage whether or not it would be worth my time, and all praised Designing and Implementing Trade Facilitation in Asia and the Pacific 2013 Update:

This book guides the implementation of trade facilitation measures and reforms in Asia and the Pacific. It attempts to bridge the gaps among policy makers, practitioners, and economists by outlining operational guidance on how to assess the status of trade facilitation, what measures and reforms are necessary, and how to implement them at the national and regional levels. The reference book also provides international, regional, and national perspectives on

trade facilitation.
