From Palgrave Macmillan : Development Challenges and Solutions After the Arab Spring (Rethinking International Development series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Development Challenges and Solutions After the Arab Spring (Rethinking International Development

series):

Since the events of 2011, most Arab countries have slipped into a state of war, and living conditions for the majority of the working population have not changed for the better. This edited collection examines the socioeconomic conditions and contests the received policy framework to demonstrate that workable alternatives do exist.

About the Author Samir Amin, Third World Forum. Samia Botmeh, Birzeit University, Palestine. Ray Bush, University of Leeds, UK.
