This book was recommended by one of my professors and I can assure you is completely worth it to start understanding the mega complex dynamics of this country. Gujarat is a state with entrepreneurial blood. The way they live and carry on businesses is really inspirational. However, don't think your "homework" will be done by reading just this book. You should add some more authors just to get a glimpse of this

vibrant economy. An absolute must to start entering India businesses. 0 of 0 people found the following review helpful. book is interesting but content doesn't match the title. By Nandan Book is quite interesting. It has given gist of few people who made big in USA. But title is misleading. When I bought this book, had expectation of exploring few settle tricks which Gujaratis use. But on that front it is certainly disappointing. This book is a more of mini biography of few people who have made it big in USA. 0 of 0 people found the following review helpful. Must read for those who want to see the success. By sandeep A must in your library, book tells clearly how tough to achieve the success and simple shortcuts doesn't work in life for long time.

Dhandha, meaning business, is a term often used in common trade parlance in India. But there is no other community that fully embodies what the term stands for than the Gujaratis. Shobha Bondra's Dhandha is the story of a few such Gujaratis: Jaydev Patel—the New York Life Insurance agent credited with having sold policies worth \$2.5 billion so far; Bhimjibhai Patel—one of the country's biggest diamond merchants and co-founder of the ambitious Diamond Nagar in Surat; Dalpatbhai Patel—the motelier who went on to become the mayor of Mansfield County; Mohanbhai Patel—a former Sheriff of Mumbai and the leading manufacturer of aluminium collapsible tubes; and Hersha and Hasu Shah—owners of over a hundred hotels in the US. Travelling across continents—from Mumbai to the United States—in search of their story and the common values that bond them, Dhandha showcases the powerful ambition, incredible capacity for hard work, and the inherent business sense of the Gujaratis.
