**Thomas P. Fitch : Dictionary of Banking Terms, 6th edition (Barron's Dictionary of Banking Terms)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dictionary of Banking Terms, 6th edition (Barron's Dictionary of Banking Terms):

3 of 3 people found the following review helpful. Kindle edition not a useable reference book  
By Customer  
Dictionary of Banking Terms does not have a search function that takes you to the entry you need. For example, I searched on "Trust". My results were not the just the dictionary entry for Trust. I got a list of every occurrence of the word "Trust" in the entire work. This is hardly a desirable feature for an e-dictionary. You want individual entries, not a huge list of occurrences. I know that Barron's knows how to create an e reference book. They did it right with Dictionary of Finance for Kindle; you can look up the ONE word you want. Barron's, however, failed big time with the Kindle version of Dictionary of Banking Terms.  
0 of 0 people found the following review helpful. For a price so small this book is big on value.  
By David La'Grange Corbin  
Very helpful and beneficial helping you understand terms that you don't know. It's well worth the price. I bought it for my home because I deal with my credit union on a regular basis.  
0 of 0 people found the following review helpful. Good resource
