Francesco Lo Piccolo : Ethics and Planning Research before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ethics and Planning Research:

The consideration of ethics in social research has gained increasing prominence in the past few years, particularly research which seeks to inform public policy. This important and unique book provides a thorough examination of the issues relating to research ethics in planning for an international audience. The authors examine alternative frameworks within which ethical action can be discussed and critically describe the key institutional arrangements

surrounding the management of ethical behaviour in research. Also included are highly relevant accounts of ethical challenges faced in planning research.

'This stimulating, accessible collection of internationally-authored papers reveals a profession reflecting in diverse, theoretically sophisticated and practically relevant ways on the challenges of integrating ethics with research practice. There is much here for applied ethicists and practitioners in disciplines well beyond planning to learn from in this excellent volume.' Stephen Pattison, University of Birmingham, UK 'Ethics and Planning Research edited by Lo Piccolo and Thomas is an impressive collection of contributions from an international consortium of planning experts and adds to a small but growing body of literature on ethics in planning research. The book is an invaluable compilation of papers on ethics; moral and philosophical perspectives, including commentary on research in an institutional framework (the university), the pressures experienced by academics to capitalise on the commercialisation of their research outputs, and reflective case studies from both academics and practitioners.' Australian Planner
About the Author
Francesco Lo Piccolo is Full Professor in the Dipartimento "Città e Territorio" at the University of Palermo, Italy. Huw Thomas is a Reader in the School of City and Regional Planning at Cardiff University, UK.
