**From Corwin : Evaluating Programs to Increase Student Achievement** before purchasing it in order to gage whether or not it would be worth my time, and all praised Evaluating Programs to Increase Student Achievement:

1 of 2 people found the following review helpful. EvaluationBy Paul OgleIt is extremely wordy, slow paced and lacking real substance. The content could be given with good examples to make it better.0 of 2 people found the following review helpful. Difficult to readBy Family ResearcherThis is a required textbook for a class. I find it difficult to hold my interest. Hopefully, I can gain from it.

This updated edition on evaluating the effectiveness of school programs provides an expanded needs-assessment section, additional methods for data analysis, and tools for communicating program results.

???"The book is a comprehensive guide for school leaders, beginning with the role that administrators can take in promoting, supporting, and facilitating the assessment process, through the goals, process, and actual steps needed to review and evaluate programs.???" -- From the Foreword by Cozette Buckney (09/26/2007)"The book is a comprehensive guide for school leaders, beginning with the role that administrators can take in promoting, supporting, and facilitating the assessment process, through the goals, process, and actual steps needed to review and evaluate programs." -- From the Foreword by Cozette Buckney" The author does all the right things: stays on task, stays focused, communicates clearly, gives correct and adequate information that practitioners can understand and implement, and presents the content in a scholarly and yet friendly style that promotes collaborative efforts."--Marie Kraska, Professor of Educational Foundations, Leadership, and Technology (10/04/2007)The book is a comprehensive guide for school leaders, beginning with the role that administrators can take in promoting, supporting, and facilitating the assessment process, through the goals, process, and actual steps needed to review and evaluate programs. --From the Foreword by Cozette Buckney (09/26/2007)""Clear, concise, understandable information presented in a positive, upbeat, and respectful manner. I couldn't wait to share this with other team members!"--Debbie Johnson, Principal (10/04/2007)""The author takes a difficult and formidable subject and makes it user-friendly to the K-12 practitioner."--Judy Brunner, Adjunct Professor (10/04/2007)" The book is a comprehensive guide for school leaders, beginning with the role that administrators can take in promoting, supporting, and facilitating the assessment process, through the goals, process, and actual steps needed to review and evaluate programs. --From the Foreword by Cozette Buckney (09/26/2007)""The author does all the right things: stays on task, stays focused, communicates clearly, gives correct and adequate information that practitioners can understand and implement, and presents the content in a scholarly and yet friendly style that promotes collaborative efforts."--Marie Kraska, Professor of Educational Foundations, Leadership, and Technology (10/04/2007)"The book is a comprehensive guide for school leaders, beginning with the role that administrators can take in promoting, supporting, and facilitating the assessment process, through the goals, process, and actual steps needed to review and evaluate programs."--From the Foreword by Cozette Buckney (09/26/2007)"Clear, concise, understandable information presented in a positive, upbeat, and respectful manner.
