From Palgrave Macmillan : Family Businesses in Sub-Saharan Africa: Behavioral and Strategic Perspectives before purchasing it in order to gage whether or not it would be worth my time, and all praised Family Businesses in Sub-Saharan Africa: Behavioral and Strategic Perspectives:

This book is the first of its kind to highlight the importance of family businesses to economic growth in sub-Saharan Africa. It examines the managerial, behavioral, and strategic issues facing these companies and offers conclusive statements about their performance and influence on the region. Family businesses have been found to outperform non-

family businesses in advanced industrialized economies, yet no such information exists on the importance of these companies which dominate the economic landscape of sub-Saharan Africa.

From the Back Cover This book is the first of its kind to highlight the importance of family businesses to economic growth in sub-Saharan Africa. It examines the managerial, behavioral, and strategic issues facing these companies and offers conclusive statements about their performance and influence on the region. Family businesses have been found to outperform non-family businesses in advanced industrialized economies, yet no such information exists on the importance of these companies which dominate the economic landscape sub-Saharan Africa.
