This book is PHENOMENAL! Very very clear guidelines; step-by-step processes on how to achieve those numbers for the "lines" on the tax paperwork. Plus Tom Copeland knows the inside out of this - works closely with the IRS which is a huge bonus: tips and suggestions that are very real on how to keep you taxes as low as possible while being totally in the rule book. I highly highly recommend. 2 of 2 people found the following review helpful. LOVE IT!!!
