From Palgrave Macmillan : International Organizations and Development, 1945-1990 (Palgrave Macmillan Transnational History Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised International Organizations and Development, 1945-1990 (Palgrave Macmillan Transnational History Series):

0 of 0 people found the following review helpful. Great introduction to development history
By Andrew Garner
This book is a great introduction to development history. A thoughtful introduction and diverse case studies make for good reading.

This volume explores how international organizations became involved in the making of global development policy, and looks at the driving forces and dynamics behind that process, critically assessing the consequences their policies have had around the world.
