**Jean-Pierre Potier : Piero Sraffa, Unorthodox Economist (1898-1983): A Biographical Essay (1898-1983 : a Biographical Essay)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Piero Sraffa, Unorthodox Economist (1898-1983): A Biographical Essay (1898-1983 : a Biographical Essay):

Piero Sraffa's work has had a lasting impact on economic theory and yet we know surprisingly little about the man behind it. This is the first intellectual biography of Sraffa and it details his working relationship with thinkers as diverse as Gramsci, Keynes, Wittgenstein as well as discussing the genesis of his major works.

"Potier stresses Sraffa's open-mindedness, the wide range of his interests, and the variety of his friends. In so doing he has written a wise biography of the Italian economist and showed that both his tact and his self-effacement have set back the appraisal of his actual contribution to economics.."-Southern Economic Journal Language NotesText: English (translation) Original Language: Italian, FrenchAbout the AuthorJean-Pierre Potier is Director of Economic Science Conferences at University Lumiere, Lyon, France.
