Jeremy Seekings, Nicoli Nattrass, Kasper : Policy, Politics and Poverty in South Africa (Developmental Pathways to Poverty Reduction) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Policy, Politics and Poverty in South Africa (Developmental Pathways to Poverty Reduction):

Seekings and Natrass explain why poverty persisted in South Africa after the transition to democracy in 1994. The book examines how public policies both mitigated and reproduced poverty, and explains how and why these policies were adopted. The analysis offers lessons for the study of poverty elsewhere in the world.

About the Author Jeremy Seekings is Professor of Political Studies and Sociology and Nicoli Natrass is Professor of Economics at the universities of Cape Town and Yale. Their previous books include *Class, Race and Inequality in South Africa*. They have written widely on South African politics, economics, society and history, on AIDS and on the comparative history of the welfare state.
