Noam J. Zohar : Quality of Life in Jewish Bioethics before purchasing it in order to gage whether or not it would be worth my time, and all praised Quality of Life in Jewish Bioethics:

This anthology of original essays by leading thinkers in the field gathers together in one place voices from diverse theological and practical commitments. Unlike other publications on Jewish bioethics, it adopts an explicitly pluralistic stance. The book addresses tension between the 'quality of life' and the 'sanctity of life' issues, and will be of interest to

lay readers, graduate students of bioethics, and rabbis.

About the Author Noam J. Zohar is a senior research fellow at the Shalom Hartman Institute in Jerusalem and director of the graduate program in bioethics at Bar Ilan University.
