Carter A. Daniel : Reader-Friendly Reports: A No-nonsense Guide to Effective Writing for MBAs, Consultants, and Other Professionals (Business Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Reader-Friendly Reports: A No-nonsense Guide to Effective Writing for MBAs, Consultants, and Other Professionals (Business Books):

0 of 0 people found the following review helpful. Not much here, save your moneyBy Jeff DThe content of this book is pretty light. About a third of it is silly jokes and nonsense that doesn't help. What content there actually is, is extremely basic and something people should know long before pursuing an MBA.In addition, the printing and construction of the book are also lacking. About 5-6 pages starting in the middle of the table of contents are out of order and faced the wrong way. That wasn't too big of a problem though, because the pages fall out so you can easily

put them back the way they were supposed to be.3 of 3 people found the following review helpful. Executive Writing StyleBy Mohammad IbrarI needed this book for an MBA class, read it once for a paper. I did very well on the business report. More importantly, I got an A in the class.I continue to refer to this book when writing business reports for work. My superiors are more than satisfied with my reports, and so am I.Great reference book for research papers, business reports, work-related writing, emails, and presentations.0 of 0 people found the following review helpful. Four StarsBy lml193Very practical but useful advice for business reports.

The book that has taught thousands of students how to write winning business reports For more than 30 years, Carter A. Daniel has been teaching MBA students at Rutgers University the art of effective business communication with the aid of his eminently practical guide Reader-Friendly Reports. Now available to the public for the first time, this beloved resource gives you everything you need to translate your hard-won figures, conclusions, and insights into concise and powerful reports. No definition of communication, no history, no theory, no diagrams Reader-Friendly Reports simply shows you how to: Target your audience Determine your purpose Develop your points Organize your ideas Make smooth transitions Conduct research Illustrate with clear graphs and charts Reader-Friendly Reports (the "Daniel Manual") is the A to Z guide to ensuring you meet your first priority: making sure people can understand and remember your report from beginning to end.
