Book 5 Stars - CD-ROM 0 Stars By Richard Fleming Jr. VERY comprehensive book on how to identify and, more importantly, analyze real estate investment opportunities ... especially residential income properties. Following the guidelines in the book will keep people from making

investment decisions with their heart as opposed to by the numbers. VERY good BOOK!The CD-ROM advertised on the front cover is a piece of junk! VERY low quality production and it doesn't work! It's full of errors that cause it to crash and the few parts that do work try to steer you to a non-existent website. I was hoping that it would automate some of the calculations made in the book. If that's what you're looking for, skip this CD-ROM.5 starsw for the book and 0 stars for the CD-ROM. Knowledge trumps simple automation, so I will give this package 4 stars.0 of 1 people found the following review helpful.
