**Asian Development Bank : Resurging Asian Giants** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Resurging Asian Giants:

The economies of the Peoplesquos Republic of China and India have seen dramatic growth in recent years. As their

respective successes continue to reshape the world's economic landscape, noted Chinese and Indian scholars have studied the two countries' development paths, in particular their rich and diverse experiences in such areas as education, information technology, local entrepreneurship, capital markets, macroeconomic management, foreign direct investment, and state-owned enterprise reforms. Drawing on these studies, the Asian Development Bank has produced a timely collection of lessons learned that serves as a valuable refresher on the challenges and opportunities ahead for developing economies, especially those in Asia and the Pacific.
