Andrea Lemgruber : Revenue Administration : A Short Primer before purchasing it in order to gauge whether or not it would be worth my time, and all praised Revenue Administration : A Short Primer:

Many developing countries have significant natural resource endowments, presenting a remarkable opportunity to boost long-term growth. However, this opportunity comes with enormous challenges. To maximize social and economic benefits, strong governance and institutional capacity are essential. Effective and transparent tax administration is crucial for properly managing revenues from natural resources so the country may benefit economically and socially from its natural resources. Revenue Administration describes the challenges that developing countries face and presents good practices to help build countries' long-term institutional capacity.
