Richard B. Jones : Risk-Based Management before purchasing it in order to gage whether or not it would be worth my time, and all praised Risk-Based Management:

1 of 1 people found the following review helpful. Excellent classic! Show of knowledge and professional work!By Enrique MoraEven when many other trends have emerged, this classic keeps being among my favorites. This is a highly professional work that can be read at all times to get inspired in RCM and apply the valuable principles.I believe that at this time Operational Excellence turns into a great catalyzer of all these schools of thought. Maintenance has no end!1 of 1 people found the following review helpful. Very well written: clear and concise treatment;By Kevin NVery well written: clear and concise treatment; though the chapter on Case Studies could use

some development - I would prefer a handful of in depth cases that describe specific actions taken under RCA-RCM1 of 13 people found the following review helpful. RCM by AladonBy A CustomerWe used the book for RCM study at work place
