Khalid Bichou, Michael Bell, Andrew Evans : Risk Management in Port Operations, Logistics and Supply Chain Security (Lloyd's Practical Shipping Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Risk Management in Port Operations, Logistics and Supply Chain Security (Lloyd's Practical Shipping Guides):

Risk Management in Port Operations, Logistics and Supply Chain Security is the first book to address security, risk and reliability issues in maritime, port and supply chain settings. In particular this title tackles operational challenges that port, shipping, international logistics and supply chain operators face today in view of the new security regulations and the requirements of increased visibility across the supply chain.

About the Author Khalid Bichou is the co-founder and Managing Associate of the Port Operations, Research and Technology Centre (PORTeC) at Imperial College London. Michael Bell is Professor of Transport Operations at

Imperial College London. Andrew Evans is the nbsp;Lloyd's Register Professor of Transport Risk Management at Imperial College London.
