Perry M. Smith : Rules and Tools for Leaders (Revised) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rules and Tools for Leaders (Revised):

0 of 0 people found the following review helpful. A worthy follow-up to the original, but keep the checklists intact. By Lee H. Arnold. I preferred the original, called "Taking Charge: Making the Right Choices." I could not find enough copies for a class I'm teaching, so went with a newer book by General Smith called "Rules Tools for Leaders: A Down-to-Earth Guide for Effective Managing." In "Taking Charge" all the checklists were together, in an Appendix, and were easy to refer to. In "Rules Tools" the checklists are scattered, in that they appear with the chapters that treat a specific subject. Other than that, this is still a book that merits a spot in a leadership library. 0 of 0 people found the

following review helpful. Excellent - It is exactly what the title saysBy CustomerI loved reading this book so much I bought a copy for each of my subordinate leaders. Perry Smith's philosophies are easy to understand, and easy to employ. I have quoted his book in meetings where afterward, peers have asked me for more info on the book. Buy and read this one!0 of 0 people found the following review helpful. Yawwwn!!!!By Matthew McLeodGood topic and ideas. It was a chore to read and digest. While I will most likely apply several of the ideas presented, it is in spite of the publication wherein they were presented. I expected a lot more.

Rules Tools for Leaders has guided hundreds of thousands of leaders, showing them the ways to create and maintain growth and profitability. From hiring, firing and promoting to responding to major corporate crises, from day-to-day encounters to long-range strategic planning, Perry covers virtually every aspect of leadership and provides the means to get the job done—and done well. Along with a thorough understanding of group dynamics, business models, and ethical practices, Rules Tools for Leaders also features invaluable checklists and guidelines—providing everyday tools to put the tried-and-true rules into effect.

About the AuthorMajor General Perry M. Smith, USAF Retired, is a graduate of the U.S. Military Academy at West Point, and earned a Ph.D. in International Relations from Columbia University. An internationally known speaker and media commentator, he has conducted seminars on leadership, strategic planning, and ethics for hundreds of organizations, including Harvard's Kennedy School, Emory University, Microsoft, Tiffany Company, Time Warner, and Texas Instruments. He is a military analyst for CBS radio and CBS television.
