people found the following review helpful. Great Read!By MICHAEL WALZA very good book on how to manage your career and, to some extent, life. Christine has an engaging style and leaves the reader with practical tools to use, not just theory and concept.1 of 2 people found the following review helpful. For real DO-ERs onlyBy Tevfik BoraOK this book is different. I've read all Trump and Kiyosaki books as well, and this one hits you harder because this is all the real story like(italic) theirs but in addition to that it's language is like Felix Dennis's How To Get Rich - Meaning lot's of fun included. You can read and finish it in a day or go slowly doesn't matter it gives you the push you are always looking for - again if you are a Do-er. Also a good motivator in everytime you need a kick in the butt. A must read.
