Jane E. Kelly : Sage 50 Accounts For Dummies before purchasing it in order to gage whether or not it would be worth my time, and all praised Sage 50 Accounts For Dummies:

8 of 8 people found the following review helpful. For UK version only!!By Hany HarmouchI ordered this book with Sage Peachtree US Version from Amzaon.com.Unfortunately, this book is designed for the UK version of the software only.The UK version is totally different from the US version.This means that this book is useless for me.5 of 5 people found the following review helpful. Book is fine description is lacking.By PhilbyTo be detailed and specific in this review, I would like to have known, from the description, that this was the UK version. I would have not wasted my money.0 of 0 people found the following review helpful. Order this todayBy Michael SquiresI had no idea how to use this product so I waited until the book arrived. It has been great at assisting with my multitude of questions. Easy to read and understand.

Make bookkeeping a breeze withnbsp;Sage Sage 50 Accounts is a tremendously popular resource among accounting professionals, and exciting upgrades in version 22 make it even more useful. This book helps you use get started with

installation as well as customisation, and in a short time you'll be running VAT returns and producing reports.
