Good bookBy Hayden Hamill bought this book for my mom who was teaching a class on budgeting to school administrators. It was one of her resource books and it was apparently a newer edition. She thanked meIt arrived on time and was in excellent condition.Recommended for anyone interested in the topic of School Budgeting for hard times (which many of us are experiencing)0 of 0 people found the following review helpful. Relevant and

TimelyBy WilliamThe content of this book is the most applicable, relevant content concerning school budgeting I have come across in years. The author has put his many years of experience in public school finance to good use--his suggestions and innovative approaches to supporting quality programming in schools prioritize students and student learning while keeping costs at the minimum. In short, he offers real suggestions for accomplishing more with less, which is essential for today's school systems.This book is a must-have for those who are fighting to maintain quality education in the face of drastic economic crises.

A win-win solution to the battle of the budgetAre you challenged to improve your school's productivity with existing or even diminishing resources? This invaluable reference will show you how to do more with less. Educator William K. Poston, Jr. contends that the needs of curriculum and learning should drive the budgeting process, not the other way around. The solution is implementing performance-based budgeting. This text gives step-by-step instructions for: Using assessment data to determine budget priorities Applying quality enhancement principles to the process Incorporating measurable performance to attain funding
